

PROCESS AND ENERGY MEASUREMENTS CORPORATION

Industrial Instrumentation Specialist

SIEMENS

FLOW

Ultrasonic clamp-on and intrusive flow and energy meters for liquids and gas;
Magnetic flowmeters; Coriolis mass flowmeters

LEVEL

Ultrasonic point and continuous
Radar through air continuous
Capacitance point and continuous

WEIGHING

Dry product flow measurement. Motion control.

BTU and Steam Computers, Oil Flow Computers.

Analyzers for: DO, TSS, PH, Sludge Blanket

"THE LOW FLOW COMPANY"

Variable Area, Positive Displacement,
Mass Flowmeters / Flow Controllers
Thermal and Coriolis Flowmeters /
Controllers

Honeywell

Hazardous & Toxic Gas Detection Equipment and
Refrigerant Monitors

Vortex meters for liquid, gas and steam.
Insert and in-line

BIOS
Gas Flow Calibrators

High accuracy positive displacement
meters for chemicals and fuels

Main Office:

97 Golden Hill Road, Danbury, CT 06811
(203) 792-2509
(203) 792-1895 Fax
email:sales@pemco1.com

Satellite Offices:

Massachusetts,
Maine,
Rhode Island,
Vermont,
New Hampshire

1-800-417-3626

DISTRIBUTORS FOR

Industrial Hot/Cold Water Meters, Condensate Meters

Global Supplier of Charts, Pens, and Consumables

High Quality Chart Paper and Pens for most Chart Recorders /
Loggers & Circular Chart Recorders for Temp & RH

Pressure Gauges, Thermometers, Isolation Diaphragms,
Pressure Switches, Low Cost Pressure Transmitters

Process Displays, Alarms and Accessories

Commercial Toxic & Explosive Gas Detection Specializing in Parking Garage,
Boiler Room and Refrigerant Monitoring Applications.

Turbine Meters.

SERVICE

PEMCO is dedicated to insuring successful application of all its products

- Equipment Start –Up
- Maintenance Contracts
- Repair
- Turn Key Installation
- Calibration

FLOW SURVEY

- We will provide equipment / manpower to diagnose & solve flow problems
- Flow / energy measurement to assist engineers in pump, cooling tower or chiller selection & sizing
- Diagnose billing errors

SYSTEMS

Design / Build Small Systems

- Data Collection / analysis
- Communication / Telemetry
- Level Control
- Energy measurement / Billing
- Flow Control
- Inventory management
